Project Report Requirements

1. Part A (Matlab)

1) Can be hand-written
2) Project description
3) Introduction of algorithm used to solve the problem
4) Sample calculation (one iteration)
5) Running results
6) Matlab code (with comments)
7) Due Wednesday, 03/05 (5:00 PM)

2. Part B (C/C++)

1) Please type
2) Project description
3) Equivalent circuit calculation
4) Algorithm and flowchart of your program
5) Detailed Results
6) Result analysis (conclusion)
7) C/C++ source code (with comments)
8) Due Wednesday, Final Exam week (5:00 PM)
